IQA held its first annual fishing trip on Friday, August 4th. We chartered a great boat out of Newport Beach and spent a relaxing day on the water. There were a number of fish brought aboard and everyone enjoyed the ride out to Catalina. We are looking forward to next year's trip!

[WE HOPE TO SEE YOU NEXT YEAR](#)

Introduction to IQA Construction

As of March 2017, IQA Construction is available for your industrial needs.

We are pleased to announce that Telvis Artis has joined IQA Construction as the Vice President and Operations Manager.

Telvis has over 23 years of experience in the construction industry servicing the Oil & Gas, Chemical, Water, Waste Water, Energy, Mines and Minerals Industry.

His involvement in all aspects of the project delivery process includes but are not limited to:

- Project Management
- Contract Management
- Scheduling & Planning
- Estimating
- Procurement
- Safe Work Execution
- Quality Control, Quality Assurance
- Sub-Contractor Coordination
- Field Contract Admin
- Project Cost Controls

IQA has demonstrated:

- The ability to plan work efficiently.
- Construct projects in a safe manner resulting in a consistent track record of quality craftsmanship
- Excellent reliability to deliver projects on-time and within budget.

IQA will be participating in the following upcoming events:

- **WSPA Southern CA Refinery Cup** is being held on September 14th at Los Verdes Golf Course
- **WSPA Issues Conference** will be held on Wednesday, October 4th. We will be in the exhibitor hall discussing the full range of our capabilities. Please join us at the Monarch Beach Resort in Dana Point for a great event supporting the oil & gas business in CA
- **Power Gen International** will be December 4th - 7th in Las Vegas, NV

Welcome to IQA
We are glad you are a part of our team !

Mark Murphy - Sales and Marketing Manager

Mark Murphy comes to IQA Solutions, Inc. with over ten years of professional experience, which have spanned Oil & Gas, Power Generation, Pulp & Paper, Chemical Manufacturing and Food & Beverage projects.

Prior to joining IQA, Mark worked for the world's largest PVF distributor in a strategic business development role with a concentrated focus on the Southern California market. Mark thrives on new challenges, especially ones that expand a company's reach. Mark's collaborative leadership style is a key factor in his success.

Leila Zamani - Project Manager

Leila has more than 10 years of experience in the industry. She has worked with many domestic and international clients on projects with varying scopes from small to Mega-projects. Leila has a M.S. in Advanced Chemical Engineering and has completed numerous technical and project management roles.

Currently she is working towards obtaining her certification in Project Management from University of California Irvine. She thrives to provide innovative solutions to address client needs while developing solutions that protect people, environment and assets.

She is also a passionate artist and sculptor. She enjoys spending time to help promote art for children in school through volunteer activities.

Charles De La Ossa - Senior Piping Designer

Charles has been in the Process & Utility Piping Design discipline for nearly 45 years. Most of his career experience in Design has been obtained in Hydrocarbon Processing refineries, Petrochemical complexes, Product Terminals & Storage facilities and Oil & Gas Distribution stations, Pulp & Paper Plants, and the Mining & Minerals Processing industries.

He has held various positions throughout his history including Piping Design Supervisor, Piping Field Engineer, Senior Principal Piping Designer, Lead Piping Model Checker, Construction Hydrotest Coordinator and CAD Specialist. Charles has completed many engineering courses, accepted several long term field assignments and has received numerous construction Safety awards & training from client locations such as Chevron Pascagoula, Arco Tacoma, Cominco Philippines & Alaska, Mobil Torrance and Exxon Benicia. He enjoys spending time with family and friends playing golf, boogie boarding & the beach, snow & jet skiing, going on sightseeing vacations and is an avid military airshow spectator.

Hugh Van Camp - Mechanical Engineer

Hugh started working at IQA Solutions in June of 2017 after graduating from University of California, Merced with a Bachelors in Mechanical Engineering. Hugh worked part time as a campus service officer with the university police and worked at a school research lab involving mechatronics, embedded systems and automation during the school year.

During the summers, he gained experience in the oil and gas industry working maintenance jobs on an offshore drilling rig and as a facilities engineering intern. Has also volunteered for various organizations including home renovation with Habitat for Humanity and camp counselor for American Cancer Society. Currently living in his hometown of Long Beach, Hugh enjoys hanging out with family and friends and staying active by playing basketball, soccer, and going to the beach.
